

Delaware Coalition for Injury Prevention

November 5, 2019 10:00 AM – 12:00 PM

EMS and Preparedness Section Conference Room, Smyrna, DE

TOPICS	LEADER	DISCUSSION
Introductions, Minutes	Jim Lombardo	Meeting was called to order at 10:01 a.m. Introductions were made by attendees. Previous meeting minutes were approved with changes: CBC was changed to “CDC”. Changed they to “Scott has given 87 presentations” and the next meeting was changed to February 4 th and to be held at Edgehill Shopping Center.
PRESENTATION	Poison Control Overview and updates Dr. Trella	Dr. Jeannette Trella, Director of Poison Control, Dr. Trella introduced herself. She gave handouts and presented an overview of how and what is the role of the Poison Control. She also gave a brief discussion regarding the Delaware Outbreak of Lung Injury Associated with E-cigarette use, or Vaping.
COALITION TEAMS	<p>Motor Vehicle Related Injury Prevention Fall Prevention K. Boyer Diana Curtis</p> <p>Traumatic Brain and Spinal Cord Injury Prevention Karen McGloughlin</p> <p>Fire/Burns Injury Prevention</p>	<ul style="list-style-type: none"> • None to report • Falls did another press release and did another Governor’s Proclamation declaring the week of September 22nd as Falls Prevention Awareness Week for the State of Delaware. On Falls Prevention Day, Kathy went to NC Senior Center to do falls prevention screening. She set up a table and gave out fall prevention information to 48 people. About 5 people took the fall prevention screening tool kit to fill out. We will be doing another event on January 20th at the Modern Maturity Center in Dover where we will be doing Fall bingo and giving out information kits. Easter Seals and A Matter of Balance will also will be there to give out information. Jen McCue offered suggestions on a bingo they used in the past where everyone was a winner. Was also suggested to bring someone along who suffered a fall to speak. • Had a meeting yesterday discussing motorcycle safety and helmets. This will be re-introduced into legislation sometime in January where it will be made a law that helmets are mandatory when riding a motorcycle in the state. There was a discussion to have a townhall meeting in each county to have our legislators speak or listen. An online petition was suggested, and the Brain Injury Association will be putting this on their website. Survivor stories are also being collected to hopefully make an impact as well as testimony from first responders. We will be doing a questionnaire of 5-10 questions and will be putting it on the website or will be doing actual interviews of first responders. The Brain Injury Committee and the State Counsel for Persons with Disabilities have gained permission from legislation to obtain “DEN” data. At this point they are working on how and what data to obtain. It was suggested by other members to also check other databases such as NITZA and the Trauma Registry. The goal is for collected information to be put out to the public to let them know that there is a brain injury committees and other organizations to help people with TBI with the goal to help with services and prevention. Funds are available for people in need who suffer from a TBI. • The Franklin Institute has a brain injury interactive displace now. • None to report

	<p>Drowning/Submersion Injury Prevention Jen Whaley</p> <p>Poison/Prescription Drug Injury Prevention Team Dr Trella</p> <p>Dog Bite Injury Prevention Scott Vogel</p> <p>Individual and Family Violence Injury Prevention Erin Ridout</p> <p>Jim Lombardo</p> <p>Safe Kids Delaware Linda Heinold</p>	<ul style="list-style-type: none"> Was interested in doing a follow-up with the CPSC on the Virginia Graeme Baker Safety Act. There has been no reported entrapment or fatalities due to suction outlet covers on pools. Michelle is working on Surf injuries for Sussex County. Chop has a CIRP (Center for Injury Research Prevention). It was suggested to follow their Facebook page, Website and Twitter page. From August 6th through November 4th Scott did 55 presentations reaching 1205 kids and 108 adults. Scott was also notified that two of his programs, Holly Angels and Safety town, would be dropped. A letter of support was requested. Later it was found that these cuts were due to money issues and a letter of support was no longer needed. October was Violence Awareness Month. November 7th is the next training date. If interested, please let Erin know and she will send out a flyer. Trainings will be held at St. Francis, Westside. etc. In March there will be a CNE training. A new person was hired and will be hiring another to take care of the financial wellness of Women and Girls. There are two things of discussion he brought to the board on behalf of MarySue's goals for the Injury Prevention teams. One was to work on expanding the coalition with new members. If anyone knows of anyone we can bring in to work and share, please let him know. The second was for the Coalition to have at least one outside event together as a whole. The board was receptive, and willing to do further discussion in the future. The IP Coalition website has been officially updated. It is Grant time for SK and there is not much going on. There will be a few new grants announced later in the coming months. SK Delaware meeting is in two weeks.
